## INTRODUCTION

Each year Council is required to determine fees and charges for services it provides.

The fees and charges are made up of fees provided under relevant Acts, fees determined by Council and also recommendations from the Local Government and Shires Association of NSW.

Section 608 (1) of the Local Government Act 1993, provides that “a Council may charge and recover an approved fee for any service it provides...”

Subsection 2 describes the services for which an approved fee may be charged. These include:

1. Supplying a service, product or commodity.
2. Giving information.
3. Providing a service in connection with the exercise of a Council's regulatory functions – including receiving an application for approval, granting an approval, making an Inspection or issuing a certificate.
4. Allowing admission to any building or enclosure.

Section 610. Effect of other Acts.

“(1) if the amount of a fee for a service is determined under another Act:

- (a) Council may not determine an amount that is inconsistent with the amount determined under the other Act, and
- (b) Council may not charge a fee in addition to the amount determined under the other Act”.

“(2) if the charging of a fee for a service is prohibited under another Act, a Council must not charge a fee for the service under this Act”.

## ESTABLISHMENT OF FEE OR CHARGE

The six key steps are:

1. Identifying which activities, functions or programs to which a fee or charge will apply.
2. Identifying the “fully absorbed” cost of providing each discrete service (incorporating an estimate of both direct costs and overheads).
3. Categorising activities/functions as either public or private goods.
4. Identifying and quantifying Community Service Obligations.
5. Confirming an agreed pricing policy for the council.
6. Confirming the agreed fee or charge to be levied.

## TYPE OF FEE

### Fee Type A

This is a fee charged under relevant legislation. The details of the legislation and section are contained under the heading of the various types of fees. Council is unable to vary the amount of these fees (Section 610).

At the time of adoption, Fees classified as Type A, that is “fees charged under relevant legislation” (Section 610) were current. Subsequent changes to legislation may alter the price and the new price will be added to the schedule commencing from the date authorised by the amended legislation.

### Fee Type B

This is a fee generally an indicative fee which is recommended by the Local Government and Shires Association of NSW and Department of Local Government. This is done to maintain as much as possible a comparative fee for all Councils. It relates particularly to the supply of property and zoning certificates.

### Fee Type C

These fees are for hire of Council premises and facilities. They have generally been reviewed by Council Committees and also by Council's Consultant Valuer to gain the current market value for lease properties on the commercial market.

### Fee Type D

These are fees and charges generally for documents and minor services provided by the Council. In most cases, the amount fixed represents a minimal fee and is designed to basically cover the cost of materials and other costs in providing the information.

### Fee Type E

This fee sets out to try and recover full cost of goods and services provided.

## GOODS AND SERVICES TAX

Those goods and/or services that are subject to GST have been identified in the attached Schedule of Fees by either a 'Y' or 'N'.

'Y' meaning GST is applicable and in accordance with the tax legislation the prices shown for those good and/or services are the GST inclusive price.

Those goods and/or services which are “GST free” or "GST EXEMPT" are indicated in the Schedule of Fees and Charges as 'N'.

## ROUNDING OF CALCULATIONS:

As a general rule the following rounding will occur;

1. Items \$0 - \$5 will be rounded up to the nearest 5 cents
2. Items \$5 - \$50 will be rounded up to the nearest 50 cents
3. Items \$50 - \$250 will be rounded up to the nearest \$1
4. Items \$250 - \$1000 will be rounded up to the nearest \$5
5. Items >\$1000 will be rounded up to the nearest \$10

## COMMENTS

1. Community Service Obligation = **CSO**

## COMMERCIAL SENSITIVITY

Where a fee or charge can be subjected to commercial competition, the cost of such charges has been classified as “Price on Application” (POA) to ensure Council's competitive position. A detailed price structure is available from the relevant manager of the service area

## INTEREST CHARGES

Council is responsible for fixing, by formal resolution, the level of interest penalties to apply in respect of all overdue accounts.

In respect of rates and charges the maximum level of interest is determined each year and advised to Council by the Department of Local Government. Section 566 (3) states *the rate of interest is set by the Council but must not exceed the rate specified for the time being by the Minister by notice published in the Gazette*. Council will apply the maximum amount of interest on the basis that it provides a penalty to those ratepayers who fail to meet their obligations in regard to rates outstanding. This is done bearing in mind that in relation to rate payments:

- 1) There are several options available to ratepayers;
- 2) It is a foreseeable expenditure;
- 3) Ratepayers with hardship are able to apply to Council for consideration.

Council proposes to apply the maximum permissible rate of interest payable on outstanding rates and charges at a simple rate calculated daily.

The maximum rate announced by the Minister for Local Government for the 2018/2019 period is 7.5% Council will adopt the rate confirmed by the Minister for Local Government. This rate will be applied to overdue rates, water and sewer charges accounts.

The discretion to write off extra charges has been exercised on numerous occasions if special circumstances can be demonstrated by the ratepayers involved.

In the case of water usage charges, interest will be calculated 5 days after the account is past due at the rate of 7.5% pa calculated daily.

Interest charges will also be raised against sundry debtor accounts that are unpaid after 30 days at the rate of 7.5% pa calculated daily.

## PAYMENT METHODS

### **Excluding Swimming Pools, Tips, Release and Impounding Fees:**

Council accept payment by Cheque, Cash, EFTPOS.

An additional fee of 0.6% applies to all Credit Card payments.

### **Swimming Pool Payment Options:**

Council accept payment by Cash or EFTPOS.

All EFTPOS transactions must be for a minimum \$10.00

An additional 0.6% applies to all admission fees paid by Credit Card.

### **Adelong, Batlow and Talbingo Waste Sites**

Council accept payment by Cash Only.

Frequent users may request an account; approval will be at Councils Discretion.

### **Impounding and Release Fees**

Council will accept payment by cash, EFTPOS or Bank Cheque.

No personal cheques will be accepted.

An additional fee of 0.6% applies to all Credit Card payments.

## SUMMARY

The attached Schedule of Fees and Charges has been prepared using the best available information at the time of publication of the Delivery Program. The information is subject to change and current information may be obtained at [www.snowyvalleys.nsw.gov.au](http://www.snowyvalleys.nsw.gov.au).

The Schedule has been prepared to provide a simple summary of the Fees and Charges that Council has determined are applicable to its business activities.

The proposed amount for 2018/19 may contain the following:

1. a recalculation to reflect decreases or increases in cost
2. an increase of 2.5% to cover expenditure demands
3. GST where applicable.

## CORPORATE / FINANCIAL SERVICES

Fee Name	Fee Description	Fee Type	GST Y/N	2018/19 Fee
<b>CORPORATE SERVICES</b>
