Riverina Regional Library Management Plan 2020-2021

CHAIRPERSON'S WELCOME

It is my pleasure to introduce the 2020-2021 Riverina Regional Library (RRL) Management Plan. This important document provides an overview of the primary strategies and documents that summarise the service intent of the organisation over the coming 12 months.

Since my election to the position of Chairperson of the RRL Advisory Committee in October 2015, I have seen the ongoing benefits of the well planned and managed regional collaboration that is the hallmark of RRL. The organisation continues to demonstrate its capacity for responsive and effective service provision against a backdrop of increasing demand for existing and emerging library services. The RRL model provides high quality agreed centralised services from the RRL Administration Centre, with the management of individual libraries, staff and facilities undertaken at the local level, providing the best outcome for the many communities that RRL serves.

The benefits associated with the successful Renew Our Libraries funding campaign in 2018-19 began to flow to NSW councils in the form of additional funding during 2019-20. The state government has committed to an extra \$60m for NSW libraries over the 4-year period 2019-20 to 2022-23, a funding boost that will considerably enhance the capacity of the 373 libraries across the state to provide more staffing, opening hours, collections, programs, services and spaces for their communities. The NSW Public Libraries Association (NSWPLA), of which I am President, launched Phase 2 of Renew Our Libraries in November 2019 asking the government to secure the new funding package in legislation and commit to ongoing indexation to cost of living increases, thereby ensuring the long term sustainability of the NSW public library network.

I am committed to continue working with NSWPLA members and partner organisations, the State Library of NSW and communities across the state, to ensure that the value of public libraries will continue to be recognised by government for the exceptional benefit they provide to communities across the state.

I wish to acknowledge Allan Smith, former RRL Advisory Committee Chairperson, who passed away in January 2020. He was a councillor on the previous Cootamundra Shire Council, and held the position of Chairperson of the Advisory Committee from 2008 to 2012. Allan was a staunch advocate of libraries and his contribution to RRL is acknowledged and appreciated.

The summer of 2019-20 saw significant devastation in many parts of NSW and in other states of Australia. Many communities in the Snowy Valleys Council area were seriously impacted, and it will take many years for them to rebuild. If not for the extraordinary bravery and commitment of those on the frontline, the outcome could have been so much worse. Fortunately, no RRL branch libraries were directly affected by the fires so they have been able to continue supporting their communities at a time when community services have been so important. On behalf of the RRL Advisory Committee, I extend best wishes to all residents of fire affected areas across our region.

In closing, I would like to acknowledge the contribution of RRL's 10 member councils to the ongoing success of the organisation. This strong commitment will ensure that RRL moves into the future as an exemplar of regional collaboration, demonstrating the exceptional benefits that can accrue from a robust and resilient mutual association of councils.

Riverina Regional Library Management Plan 2020-2021

EXECUTIVE DIRECTOR'S INTRODUCTION

I am pleased to present the Riverina Regional Library (RRL) Management Plan 2020-2021. This document provides an overview of the service intent of the organisation by aggregating our organisational planning and financial mechanisms.

RRL is the largest regional library service, in terms of participating Councils, in NSW. The organisation includes 10 member Councils in a geographic area of 47,917 sq km, served by a network of 19 branch libraries, 3 deposit stations, and a mobile library that visits 27 communities.

Now in its 41st year, we look back over the past 4 decades of RRL's operation and realise just how much almost every aspect of the public library sector has changed. As well as being recognised as important community facilities, there is increasing diversity of collections, programs, services and technology in libraries – all matched by an insatiable demand for more of everything! The availability of outsourcing services for procurement of shelf ready collections, and the automation of membership and loans has no doubt freed up staff to meet other areas of emerging demand. Public libraries are now community focal points where people can be informed, educated, entertained and integrated. They are safe places where people can meet, socialise, share experiences, or simply just enjoy the ambience.

The RRL network is experiencing the same demands for increased collections, programs, services and spaces. Whilst the RRL Administration Centre (RRLAC), which develops and delivers a range of centralised services to its branch library network, has well established processes in place to ensure high quality service provision, the organisation has a variety of challenges that need to be mitigated in the short term. With an aging workforce of just 14.3 FTE employees, succession planning is a critical success factor for future planning. We need to consider what our emerging workforce will look like, and how it may differ from the current roles and associated skillsets. The prominence of technology across almost everything that we do is highlighting the need for new skills and capabilities in our workforce to ensure that optimum digital engagement is offered across the RRL network. This is another way that our libraries can maximise engagement with their communities, through activating and increasing accessibility of local history collections in all their formats, maximising the availability of digital collections, and ensuring that the RRL website provides a state of the art portal to our collections and services. The other imperative is to extend the capacity of libraries across the region to gain full benefit from the large range of programs and services that are available from the RRLAC. A particular challenge for single-staffed libraries, we need to think creatively about the availability of suitable community volunteers to assist in this area. Cootamundra Library is an exemplar, having assembled a troop of volunteers to considerably expand its offering of programs and service to its constituents.

In terms of organisational sustainability, RRL continues its focus on maintaining a flexible and scalable organisation that has facilitated the expansion of the enterprise through the admission of five additional council areas since 2013. This demonstrates that the success of local government collaboration for effective service delivery is clearly achievable when philosophical and financial agreement, robust planning and reporting, and a sustainable operating model are developed and implemented. A strategic approach to organisation-wide planning is key to the success of RRL. The RRLAC focuses on collaborative planning, transparent reporting, and quality service provision in specified areas - all supported by a strong commitment to innovation and continuous improvement. Of equal importance is an understanding of the fundamental factors affecting the sustainability of the organisation, a requirement which led to the development of six sustainability principles that were first introduced into the Management Plan in 2015-16.

Riverina Regional Library Management Plan 2020-2021

The RRL Integrated Planning Strategy 2018-2022 (IPS) remains the centrepiece of the Management Plan. It articulates the vision, mission, values and strategic objectives of the organisation, and demonstrates how these aspirations will be achieved through specific actions with measurable outcomes. The updated IPS has been developed with a greater focus on the capacity and sustainability of the regional library service as a whole. The IPS strategic objectives of Build Capacity; Shape the Future; Create Connections, reflect this intent.

RRL will continue to play a leading role in the support and development of the NSW Public Library network during 2020-21 through staff representation on state committees, maintaining its awareness and activism regarding library sector issues, and sharing its experience and knowledge with colleagues.

The ongoing support of RRL member Councils, Advisory Committee and staff provide the organisation with a strong vision and a clear mandate to pursue excellence through inspired planning, embracing change, optimising innovation, and always seeking to improve. The RRL Administration Centre looks forward to working closely with its member Councils and branch libraries during 2020-21 to provide an inspiring range of library spaces, collections, programs and services for the constituents across our region.

Executive Director – Riverina Regional Library

ABOUT THE RIVERINA REGIONAL LIBRARY

The Riverina Regional Library (RRL) is the largest regional library service in NSW in terms of participating member Councils, and the second largest in terms of population served. It provides library services to 140,313 constituents of 10 local government areas, those being the Councils of Bland, Coolamon, Cootamundra-Gundagai, Federation, Greater Hume, Junee, Lockhart, Snowy Valleys, Temora and the City of Wagga Wagga. The service consists of 19 stationary library branches, as well as a mobile library serving 27 communities.

RRL was established in 1978, and has grown from its initial membership through the admission of additional Councils throughout its history. Bland Shire Council is the most recent LGA to join RRL, commencing on 1 January 2015.

RRL has for some years been considered a leader amongst regional libraries. Staff from across the organisations participate in a number of statewide projects, provide representation on various State Library of New South Wales committees, contribute to the development of policy and other documentation at the State level, and demonstrate leadership in a range of service and technology innovations. RRL has also taken a lead role regionally, and has instigated a number of collaborative initiatives with other libraries in the South-West Zone as well as willingly sharing its capacity with libraries across the Zone.

RIVERINA REGIONAL LIBRARY GOVERNANCE

The Riverina Regional Library operates under two primary pieces of legislation – the Local Government Act 1993 and the Library Act 1939.

Riverina Regional Library operates under Section 12) 1) a) of the Library Act, which prescribes that:

“Two or more local authorities may enter into an agreement whereby the local authority of one area undertakes the function of providing, controlling and managing libraries, library services or information services within the area or areas of the other local authority or local authorities.”

Wagga Wagga City Council undertakes the role of “Executive Council” under the current Riverina Regional Library Deed of Agreement, and the Riverina Regional Library operates under the policies of the Executive Council in order to comply with the requirements of the Local Government Act.

An advisory committee, known as the Riverina Regional Library Advisory Committee, provides advice and recommendations to the Executive Council on matters pertaining to Riverina Regional Library. The Advisory Committee includes 23 representatives from member Councils, as well as the Executive Director. The Advisory Committee has appointed an Executive Committee that meets on an as-required basis to consider complex issues for recommendation to the Advisory Committee.

The Riverina Regional Library Advisory Committee meets twice each year.

Riverina Regional Library Management Plan 2020-2021

OUR STRATEGIC DIRECTION

The development of the Riverina Regional Library Integrated Planning Strategy 2018-2022 concentrated on the capacity and sustainability of the regional library service as a whole. Whilst the document continues to respond to the RRL Collections to Clients strategy, which changes the focus of library operations from the traditional collections orientation to customer service outcomes, the 2018-2022 is more outward focussed. It pays close attention to strengthening the capacity and sustainability of our branch libraries and their communities. In addition, the strategy addresses, insofar as possible, the changing environment for public library spaces, collections, services and programs.

The document is underpinned by robust planning mechanisms and incremental process improvements that have been achieved over the past 10 years, enabling the 2018-2022 strategy to contemplate how RRL can best support community connectedness across the region's 10 member Council areas.

The Integrated Planning Strategy 2018-2022 is based around an organisation-wide strategy map featuring 3 focus areas, which devolves into an organisation wide action plan.

The RRL strategy map focus areas, demonstrating the outward focus of the organisation, are:

- ***Build Capacity***
- ***Shape The Future***
- ***Create Connections***

The Strategic Plan articulates the following Vision Statement and Mission Statement:

VISION: *Inspiring people, engaging communities, enriching lives*

MISSION: *Creatively connecting people, information and knowledge*

Riverina Regional Library Management Plan 2020-2021

OUR SUSTAINABILITY PRINCIPLES

Riverina Regional Library recognises the importance of organisational sustainability to ensure the future prosperity of this large, regionally focussed organisation.

In an environment of local government reform and increasing financial pressure, it is incumbent on each component of the sector to understand the critical success factors affecting its ongoing sustainability.

Equally important to the capability to achieve goals and objectives is the clear definition of the scope of goods and services provided.

This is how RRL defines its service provision and the associated sustainability factors.

What We Do

The RRL Administration Centre provides centralised library services in 6 areas:

- Administration and Governance
- Collection Services
- Information Services
- eLibrary and IT Services
- Outreach programs and promotions
- Mobile library services

The RRL service model provides only services that directly enhance the delivery of collections, services and programs to customers through its large network of libraries.

Riverina Regional Library Management Plan 2020-2021**SERVICE LEVEL AGREEMENTS**

The concept of Service Level Agreements (SLAs) between the Riverina Regional Library and member Councils was introduced as a recommendation of the organisational review undertaken by Libraries Alive! consultants in 2004. SLAs were recommended as a strategy to ensure consistency, equity and transparency of library service provision to member Councils, and as a mechanism to measure outputs against inputs.

Since their introduction in 2006-07, SLAs have proven to be a valuable tool to quantify and measure those services that can be quantified and measured. Progress is reported to member Councils in a quarterly report using Performance Planning software. A sample Service Level Agreement for *Provision of Library Services by Riverina Regional Library to a Riverina Regional Library Member Council* during 2020-21 appears on the pages following.

SERVICE LEVEL AGREEMENT 2020-2021**for****PROVISION OF LIBRARY SERVICES****by****RIVERINA REGIONAL LIBRARY****to****MEMBER COUNCIL****(Revised January 2020)**

Riverina Regional Library Management Plan 2020-2021

Riverina Regional Library Service Level Agreements

Policy Framework

1. Legislative Framework

The Riverina Regional Library operates under two primary pieces of legislation – the NSW Library Act 1939 and the NSW Local Government Act 1993. The Library Act prescribes service and operational requirements under Sections 10, 11 and 12 and the Local Government Act prescribes the powers that may be delegated to Library Committees under Sections 355, 357 and 377.

2. Riverina Regional Library Governance

The Riverina Regional Library is administered under a Deed of Agreement (2018-2022) between the Wagga Wagga City Council and the Councils of Bland, Coolamon, Cootamundra-Gundagai, Federation, Greater Hume, Junee, Lockhart, Snowy Valleys and Temora. The Agreement prescribes governance and management processes, responsibilities of members and financial arrangements.

3. Service Level Agreement Objectives

The objective of Service Level Agreements (SLAs) between the Riverina Regional Library and member Councils is to ensure consistency, equity and transparency of library service provision to member Councils, and to provide a mechanism for measurement of outputs against inputs.

The SLAs detail the minimum level of service that will be provided, and each party may choose to exceed the minimum level of service at any time.

SLAs are not intended to quantify every service provided, but to detail the range of services provided, the responsibilities of all parties to the agreement, and prescribe key performance indicators to measurable outputs.

4. Service Level Agreement Reporting

Riverina Regional Library will report biannually (in February and August) on SLA outcomes using the Performance Planning automated reporting system. Biannual SLA reports will be emailed to the General Manager of each member Council as well as to members of the Riverina Regional Library Advisory Committee.

Riverina Regional Library Management Plan 2020-2021

5. Service Level Agreement Agreed Principles

The following set of core principles provide a framework for the development, implementation, monitoring and reporting of SLAs:

- Minimum core service provision levels have been established. Core service levels may not be reduced.
- Minimum standards have been developed for RRL products and services (e.g. children's storytime packs; procurement of shelf-ready collection resources; provision of IT hardware). Standards are articulated through a layer of policy documentation.
- The total level of products and services provided by RRL at 1 July 2007 formed the basis of service provision for the development of SLAs. It should be noted that, because a number of services were previously supplied on a "by demand" system, variations in service provision levels may occur between member Councils.
- In areas of service provision where it is either impractical or impossible to establish meaningful unit costing (e.g. administrative services; motor vehicle operation), costings will be allocated to member Councils on a per capita basis.
- Member Councils may purchase additional products and services in specified areas beyond their level of contribution as provided in the annual Fees & Charges schedule, or by negotiation (e.g. some Councils fund additional collection resources from time to time).
- Capacity for process review and service improvement has been built into the SLA model.
- Member Councils will agree to appropriate levels of staff release for continuing professional development.
- Any "unspent" products or services at the conclusion of each financial year will not roll over to the next year, unless in exceptional circumstances and by agreement.
- SLAs will specify the level and content of service provision in each category.
- Performance indicators have been developed for provision of products and services that can be measured. Indicators may include timeliness, quality and/or quantity, depending on the service in question.
- Adherence to agreed SLAs is dependent upon payment of annual financial contributions by member Councils in accordance with the adopted RRL funding formula (as specified in the RRL Deed of Agreement).
- Services will be delivered on a pro-rata basis according to time where appropriate (e.g. an agreed allocation of each member Council's resources entitlement will be provided each quarter) unless an alternative arrangement has been negotiated.

6. Responsibilities of Riverina Regional Library (RRL)

- RRL will develop and maintain a SLA system in accordance with item 3 above.
- RRL will adhere to terms of the RRL Deed of Agreement.
- RRL will provide half-yearly reports to member Councils on the status of SLAs.
- RRL will negotiate annually in February with member Councils regarding SLA variations for the following financial year.

Riverina Regional Library Management Plan 2020-2021**7. Responsibilities of Riverina Regional Library Member Councils**

- Member Councils will adhere to terms of the RRL Deed of Agreement.
- Member Councils will make prompt payment of half-yearly contribution instalments.
- Member Councils agree to release library staff for appropriate periods of continuing professional development including attendance at meetings, conferences and training.
- Member Councils will provide and maintain suitable library buildings to meet agreed service provision standards.

Riverina Regional Library Management Plan 2020-2021

Note 1 – there is a cost attached to processing donated items, and all member libraries must be judicious about which donated items are added to the library collection. In order to control this area of cost, the amount of donated material that will be processed at no charge is limited to 20% of the new items acquired (on average) by each library in the previous year. For example, if 15,000 items were acquired by RRL in the previous year and Member Shire Council was allocated 10% of the items (1,500) it would be entitled to have 300 donated items processed in the current year.

Note 2 – Individual member Councils occasionally purchase additional library resources using external funding sources (i.e. funding that falls outside the RRL annual budget). As this expenditure falls outside the terms of the RRL Agreement and the Strategic Procurement model, branch libraries will source their own externally funded collection items, send them to the RRL shelf-ready provider for processing, and make financial arrangements through their individual Councils directly with suppliers. In the event that externally funded collection items are sent to RRL for processing, the shelf-ready processing schedule in the above table will be applied.

Riverina Regional Library Management Plan 2020-2021

RISK MANAGEMENT

Riverina Regional Library operates under the following risk management principles of the Executive Council:

Risk is defined as the effect of uncertainty on objectives, and this uncertainty can have financial, operational, environmental and/or reputational consequences.

Riverina Regional Library understands that large, unmitigated risks can adversely impact its stakeholders and its ability to achieve its strategic, operational, financial and regulatory objectives.

Riverina Regional Library recognises that whilst risk is inherent in all its activities, the management of that risk is an integral part of good management practice and fully supports risk management as a central element in its Good Governance Framework. Therefore, the Riverina Regional Library will adopt a risk management approach consistent with AS/NZS ISO 31000:2018 in its planning, approval, review and control processes.

Risk management is a systematic process that involves establishing the context of risk management, identifying risks, analysing risks, evaluating risks, treating risks, periodic monitoring and communication. Risk management does not eliminate all risk. The application of risk management thinking, principles and practices aims to help the Riverina Regional Library deliver quality services, improve decision making, set priorities for competing demands/resources, minimise the impact of adversity and loss, ensure regulatory compliance and support the achievement of its objectives.

The Riverina Regional Library is committed to the formal, systematic and proactive management of risks.

Riverina Regional Library Management Plan 2020-2021

1. INTRODUCTION

This Information Technology Plan is designed to support the continual provision and enhancement of a quality regional library service for the Riverina Regional Library and documents the management of Riverina Regional Library's information technology facilities and services affecting both library staff and library users. The plan aims to support and maintain the cost efficiency of operation and currency of means in Riverina Regional Library's (RRL) use of information technology (IT) to achieve its strategic directions.

Information technology can be defined as the application of technology in computers and communication systems to record, store, process, retrieve, transmit and receive information. IT management in today's progressive environment refers to those technologies that determine the efficiency and effectiveness of communication in the workplace, with the objectives of continually improving the devices that allow us to handle information.

For information technology to be managed effectively in a regional library environment, clear goals, objectives and strategic plans need to be in place. These objectives must be widely communicated, fully supported by and committed to by all member councils of the RRL - library staff, support groups and committees. This policy shall also be freely available to all members of the public. This document will develop guidelines for the effective management of information technology and clearly establish the future IT directions for the RRL.

2. IT SUPPORT AND SERVICES

GOALS

The objectives of information technology support and services are:

- To provide all branches of RRL with interactive real time access to a single regional database
- To provide all branch libraries of RRL with an equitable level of IT support.

APPENDIX 1

1. *Current Information Technology Environment*

Riverina Regional Library's Library Management System (LMS) is an externally hosted "cloud-based" system managed by Insight Informatics Pty Ltd, providers of the Libero LMS.

All static branch libraries connect to this database through ADSL or NBN internet connections. The Mobile Library utilizes Telstra Broadband to connect to the RRL LMS.

1.1 *Hardware*

RRL currently owns 43 PCs and 8 laptops for staff use. Public access PCs are the responsibility of member LGA's. All RRL supplied PCs are HP SFF Elite. All PC's have LCD monitors. All headquarters PC's are connected to the Wagga Wagga City Council Local Area Network (LAN). The majority of branch library PC's are connected to their LGA's LAN's.

All staff PC's have access to the Library Management System (LMS), Internet, Email and corporate office applications.

RRL Administration Centre uses networked Canon Photocopier/printers for desktop printing and Epson thermal slip printers for stock circulation.

At present PCs are replaced every four years (approximately) with the better superseded PCs being recycled to provide additional workstations in low demand areas.

Wagga Wagga City Library was "RFID enabled" in February 2009. Remote branch libraries were RFID enabled in January 2010. All branches with the exception of Talbingo Library use RFID readers for stock circulation.

1.2 *Operating Systems*

Library servers are Windows 2008 R2 64 bit server and Windows Server 2016

Library PC's are Windows Windows 7 Professional SP1 and Windows 10 Professional

1.3 *Servers*

- HPE DL160 G9 server which consists of 3 virtual servers
- HP 1340 Back-up server (Shadow Protect)

1.4 *Backup*

RRL uses Shadow Protect back-up software to back up all servers.

1.5 *Telecommunications, Internet, Email*

RRL Headquarters uses the telecommunications, Internet and email infrastructure of the Wagga Wagga City Council. Individual member LGA's are responsible for the provision of these services to their branch libraries.

1.6 *Software*
