Dear Matthew Hyde,

We refer to the Mayors letter of support 29/9/2021.

Following notification of our successful grant application, the Tooma Recreation Reserve Committee met on the 7/3/2022 and resolved to send a letter to you detailing the project scope and timelines to enable us to complete our project within the specified time.

Please find attached the Partnear costings for the Tooma Hall refurbishment, plus the timelines anticipated to complete the project.

We have established a sub committee with a broad range of experience and a commitment to liase closely with Council to ensure the project is a success and to make best use of the money that has been granted to us. We believe that we are able to manage the project ourselves whilst working closely with Council to achieve an amazing upgrade to our community Hall.

Yours faithfully,

Ros Cadle  
Secretary,  
Tooma Recreation Reserve Committee.
