INTRODUCTION

Each year Council is required to determine fees and charges for services it provides.

The fees and charges are made up of fees provided under relevant Acts, fees determined by Council and recommendations from the Local Government and Shires Association of NSW.

Section 608 (1) of the Local Government Act 1993, provides that *"a Council may charge and recover an approved fee for any service it provides..."*

Subsection 2 describes the services for which an approved fee may be charged. These include:

1. Supplying a service, product, or commodity.
2. Giving information.
3. Providing a service in connection with the exercise of a Council's regulatory functions – including receiving an application for approval, granting an approval, making an inspection or issuing a certificate.
4. Allowing admission to any building or enclosure.

Section 610. Effect of other Acts.

"(1) if the amount of a fee for a service is determined under another Act:

- a) Council may not determine an amount that is inconsistent with the amount determined under the other Act, and
- b) Council may not charge a fee in addition to the amount determined under the other Act"

"(2) if the charging of a fee for a service is prohibited under another Act, a Council must not charge a fee for the service under this Act".

ESTABLISHMENT OF FEE OR CHARGE

The six key steps are:

1. Identifying which activities, functions, or programs to which a fee or charge will apply.
2. Identifying the "fully absorbed" cost of providing each discrete service (incorporating an estimate of both direct costs and overheads).
3. Categorising activities/functions as either public or private goods.
4. Identifying and quantifying Community Service Obligations.
5. Confirming an agreed pricing policy for the council.
6. Confirming the agreed fee or charge to be levied.

TYPE OF FEE

Fee Type A

This is a fee charged under relevant legislation. The details of the legislation and section are contained under the heading of the various types of fees. Council is unable to vary the amount of these fees (Section 610).

At the time of adoption, Fees classified as Type A, that is "fees charged under relevant legislation" (Section 610) were current. Subsequent changes to legislation may alter the price and the new price will be added to the schedule commencing from the date authorised by the amended legislation.

Fee Type B

This is generally an indicative fee which is recommended by the Local Government and Shires Association of NSW and Department of Local Government. This is done to maintain as much as possible a comparative fee for all Councils. It relates particularly to the supply of property and zoning certificates.

Fee Type C

These fees are for hire of Council premises and facilities. They have generally been reviewed by Council Committees and by Council's Consultant Valuer to gain the current market value for lease properties on the commercial market.

Fee Type D

These are fees and charges generally for documents and minor services provided by the Council. In most cases, the amount fixed represents a minimal fee and is designed to basically cover the cost of materials and other costs in providing the information.

Fee Type E

This fee sets out to try and recover full cost of goods and services provided. Some fees include a CSO (Community Service Obligation) component.

GOODS AND SERVICES TAX

Those goods and/or services that are subject to GST have been identified in the attached Schedule of Fees by either a 'Y' or 'N'. 'Y' meaning GST is applicable and in accordance with the tax legislation the prices shown for those good and/or services are the GST inclusive price.

Those goods and/or services which are "GST free" or "GST EXEMPT" are indicated in the Schedule of Fees and Charges as 'N'.

COMMENTSCommunity Service Obligation = CSO

CSOs are non-commercial activities undertaken by Council and relate to equity objectives. They do not normally include regulatory or policy functions.

Community Groups

A Community Group is a group of people or an organisation that operate within the local government area who provide a specific service for public benefit. For the purpose of this document a Community Group must be not-for-profit.

Refundable

A deposit is paid back to the customer if items are returned in undamaged condition, for example, a hall is left clean and undamaged, or keys are returned.

COMMERCIAL SENSITIVITY

Where a fee or charge can be subjected to commercial competition, the cost of such charges has been classified as "Price on Application" (POA) to ensure Council's competitive position. A detailed price structure is available from the relevant manager of the service area.

INTEREST CHARGES

Council is responsible for fixing, by formal resolution, the level of interest penalties to apply in respect of all overdue accounts.

In respect of rates and charges the maximum level of interest is determined each year and advised to Council by the Department of Local Government. Section 566 (3) states *the rate of interest is set by the Council but must not exceed the rate specified for the time being by the Minister by notice published in the Gazette*. Council will apply the maximum amount of interest on the basis that it provides a penalty to those ratepayers who fail to meet their obligations regarding rates outstanding. This is done bearing in mind that in relation to rate payments:

- 1) There are several options available to ratepayers,
- 2) It is a foreseeable expenditure; and
- 3) Ratepayers in financial hardship can apply to Council for consideration.

The maximum rate of interest payable on overdue rates and charges has yet to be announced by the Minister for Local Government. This interest rate will be applied to overdue rates, water and wastewater charges accounts at a simple rate calculated daily; in the case of water usage charges, interest will be calculated 5 days after the account is past due at the daily rate.

Interest charges will also be raised against sundry debtor accounts that are unpaid after 30 days or their due date (whichever is earlier) at the same rate.

PAYMENT METHODS

Excluding Resource Recovery Centers

Council accepts payment by Cash or EFTPOS.

All Resource Recovery Centers accept payment by EFTPOS only.

Frequent users may request an account; approval will be at Council's Discretion.

Credit cards other than Visa or MasterCard will not be accepted.

Council does not charge a credit card surcharge; however, third party payment providers may charge a credit card surcharge.

SUMMARY

The attached Schedule of Fees and Charges has been prepared using the best available information at the time of publication of the Delivery Program. The information is subject to change and current information may be obtained at www.snowyvalleys.nsw.gov.au.

The Schedule has been prepared to provide a simple summary of the Fees and Charges that Council has determined are applicable to its business activities

Service Locations	Locate Water or Sewer Main (per hour)	N	E	\$103.00	\$110.00

Fee Name	Fee Description	GST Applicable	Fee Type Code	2022-23 Fee (incl. GST)	Proposed 2023-24 Fee (incl. GST)
Hire of Plant and Equipment (Price on Application)	Hourly rates for Plant & Equipment vary in accordance with project size and location, establishment requirements or market conditions. Council carries out work for external parties on private land. In performing this work Council is generating additional income and/or acting in a community service role. Income from these works will cover all incremental direct costs and overheads and where appropriate add a profit element. The profit element of pricing varies with the relevant organisation taking into account the considerations of service to the community and general market competitiveness	Y	E	POA	POA
Hire of Council Plant (Including Operator)	This is subject to seasonal availability. Prices are available on application (rates include operator). Dry hire of council plant is not available.	Y	E	POA	POA
Supervisor & Ute		Y	E	POA	POA
Construction Manager		Y	E	POA	POA
QA / WHS Co-Ordinator		Y	E	POA	POA
Traffic Control Plans (Price on Application)	Price is determined by the complexity of the plan required. All plans are produced in accordance with the Austroads Guides (Guide to Traffic Management) and Australian Standards (AS 1742, 1743, & 2890)	Y	E	POA	POA

Fee Name	Fee Description	GST Applicable	Fee Type Code	2022-23 Fee (incl. GST)	Proposed 2023-24 Fee (incl. GST)
