IMPROVEMENT WORKS

Our outdoor teams are consistently busy with improvement and maintenance works across the region including road maintenance, pothole patching, weed spraying, mowing, and more.

These are just a sample of the works happening across the southern end of the region:

- Gravel road pothole patching on River Road, Ourie
- Sealed road pothole patching on Tooma Road
- Weed spraying at the Tumbarumba Cemetery
- Road construction at Snow View Estate

JOB OF THE WEEK

Do you know anyone looking for a great summer job?

We are recruiting Junior Lifeguards, Swim Instructors and General Lifeguards to work at our pools in Adelong, Batlow, Khancoban, Tumbarumba, and Tumut.

- Adelong/Tumut positions close 24 September
- Batlow/Khancoban/Tumbarumba positions close 22 October

Apply via the Careers section on our website.

GOLDFIELDS PARK UPGRADES

The finishing steps to stage one upgrades at Goldfields Park, Tumbarumba are almost complete.

The old toilet block has been demolished and the new amenities are open. More beautification works are being planned for the demolition area in the coming weeks.

We have already had positive community feedback that the sightlines to the sports oval have been dramatically improved and that there is a general feeling of more openness in the park now.

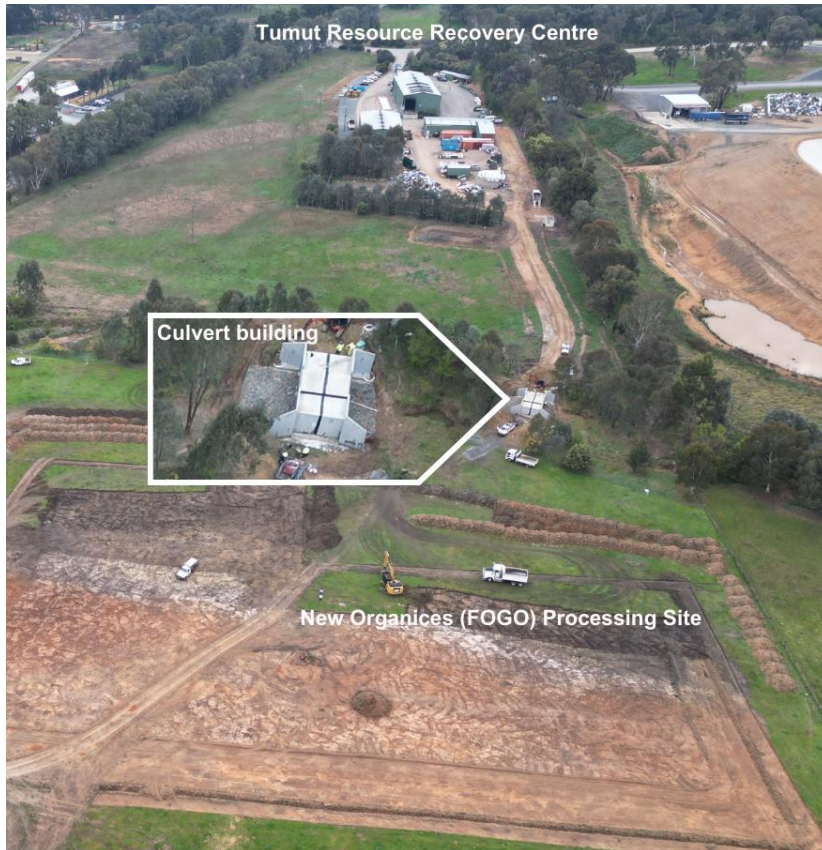

FOGO PROCESSING PLANT

We are excited to be expanding our waste management services with the construction of a new purpose-built Organics Processing Facility, located south of the Tumut Resource Recovery Centre in Gilmore.

Key works being done right now on the project are earthworks and the creek culvert installation.

The new facility will enable Council to locally process and repurpose organic waste generated by the community.

CULVERT CLEANING

Our Road Teams have been cleaning and clearing road culverts that have become overgrown and built up with debris.

Ensuring our culverts are kept clear helps to prevent road flooding events and allows the natural flow of water under road crossings.

A blocked culvert on Goobarragandra Rd that was cleared this week.

VOLUNTEERS FOR TUMBARUMBA VIC

Want to share your local knowledge with visitors and get experience in the Tourism Industry?

The Tumbarumba Visitor Information Centre is looking for more volunteers to help support its weekend operations.

You need to be free to volunteer on weekends and public holidays between approximately 9:30am and 1:30pm, and have a welcoming, friendly, and patient personality.

The benefits as a volunteer include using your local knowledge and skills to help promote the region as a great place to holiday and explore, as well as gaining experience in the local tourism industry.

If this sounds like you please email Miki at mmcpherson@svc.nsw.gov.au or call 6941 2509

DE-AMALGAMATION BUSINESS CASE

Council has submitted its de-amalgamation business case to the Minister for Local Government.

The submission included a copy of the University of Newcastle's Report by Professor Drew – *SVC Evidence Regarding Advantages and Disadvantages of De-amalgamation* and an overview summary.

Mayor Chaffey said that the submission was necessary to provide certainty for the community and council staff and that the stress levels of the community and staff warrant that the de-amalgamation proposal be determined promptly.

In July this year, Mayor Chaffey and Deputy Mayor Thomson met with the Hon. Ron Hoenig MP to advocate for a de-amalgamation and they were advised to use the LG Act statutory pathway.
