Welcome

We are delighted to share our community's vision for the next 18 years; the Snowy Valleys Community Strategic Plan 2042. This Plan presents an inspiring roadmap for our region as we move towards 2042 that captures a clear vision and compelling goals for our residents, businesses, community organisations and many partners and collaborators. It is the key strategic plan that will guide us as we work together to achieve great things for Snowy Valleys.

Since the first Community Strategic Plan (Plan) was developed over a decade ago, it has been used by Council to inform decisions and set the agenda for long-term planning of projects, infrastructure and services. Snowy Valleys Council has a custodial role in initiating, preparing and maintaining this Plan. Its implementation draws on the continuing partnerships with all levels of government and agencies, non-government organisations, businesses and the community.

With the election of a new council in September 2024, NSW Integrated Planning and Reporting legislation requires that this Plan be reviewed and updated to ensure it reflects the community's priorities. This updated plan builds on the 2022 Community Strategic Plan, and considers the information gathered from engagement activities that took place in 2024. Your contributions have highlighted the strengths of our region and identified the key challenges we face.

This Plan emphasises the importance of fostering economic growth while preserving the natural beauty that defines Snowy Valleys. It underscores the need for sustainability, resilience, and collaboration to shape an inclusive community that offers a high quality of life for residents of all ages. The Plan also highlights the critical role of improving connectivity and accessibility, ensuring that our region provides vibrant spaces and quality services that enhance our sense of community and well-being.

Delivering this vision is not something we can achieve in isolation. Shared decision making and effective working partnerships with government agencies, non-government organisations, business and, of course, our community will be critical to our success.

The unique nature of this Plan is that it is a document for the whole community. If we are to succeed in creating the community we have envisioned with this Plan, we need to work together, and everyone is encouraged to play an active role in whatever way we can. This Plan is designed to encourage commitment to our future and a sense of common purpose and responsibility.

This is the Plan for our Snowy Valleys, and we are committed to working with our community to reach our goals.

Our Plan

About our plan

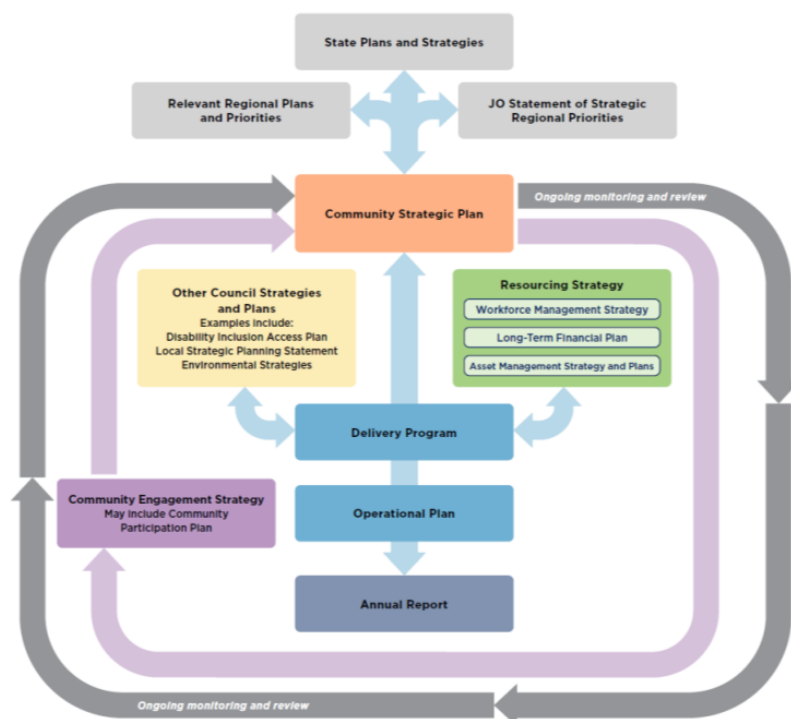

The Snowy Valleys 2042 Community Strategic Plan (CSP) is based on the aspirations and priorities of our community and sets out a long-term vision for the area. The plan identifies the key priorities and strategies for achieving this.

It is the community's plan for the future, not a council plan. Snowy Valleys Council is the custodian of the CSP. However, state agencies, businesses, industry groups, community groups, and individuals also lead and support the achievement of the vision and strategic priorities.

Integrated Planning & Reporting Framework

An integrated approach to planning and reporting is a requirement for every NSW council under the Integrated Planning and Reporting Framework set out in the *Local Government Act 1993* and the *Local Government General Regulation 2021*.

This framework requires that the Council develop a series of plans, strategies, and reports linked to the community vision and priorities set out in the CSP. Each of these must be based on the social justice principles of equity, access, participation and rights.

Our Snowy Valleys

Snowy Valleys region is made up of friendly, welcoming communities, each with unique heritage and character. It boasts a resilient and robust economy, anchored by agriculture and timber industries. It is host to much of the power generation for Snowy Hydro and has one of the biggest softwood plantations in the Southern Hemisphere. Home to the renowned Batlow Apples, it produces a range of premium stone fruits, cherries, and blueberries. In addition, the region has some of Australia's best grazing fertile lands, producing wool, beef and lamb.

Community engagement

What we asked

1. How do you feel about the vision in the endorsed CSP?
2. How are we tracking with the existing CSP?
3. What makes your community a great place to live?
4. What do you think are the main challenges facing your community?
5. What have you seen in another area/shire that you think would work well in your community?
6. What is one thing you would like to see achieved in your community in the next ten years?
7. What services or projects do you think Council should be prioritising or lobbying other levels of government.

How did you get involved?

- Virtually – surveys
- In conversation – discussion guides, community workshops
- On paper – drawing sheets, written submissions

Participation

Over 450 people from the Snowy Valleys area participated in the Towards 2042 Stage 1 engagement from 1 February to 15 March 2024.

Community engagement

What is important to you

When we asked the Snowy Valleys community what makes their area a great place to live, the beautiful natural environment was a clear standout. Residents value the picturesque landscapes, fresh air, open skies, and easy access to the mountains and high country. They appreciate the affordable lifestyle and quality of life, enjoying a balance between rural living and convenient access to larger towns. The close-knit community fosters a strong sense of belonging and collective care, with people working together for the greater good. The region's peaceful, tranquil atmosphere and calming pace of life are highly cherished, and sport plays an important role in the community, with activities like biking, the rail trail, football, gyms, and tennis being particularly popular.

Since 2021, sport and recreation has grown in importance while sense of community and the experience of peace and quiet has declined notably.

What is important to you

Participants highlighted several key challenges facing the Snowy Valleys community. Since 2021, there has been a shift in concerns, with less focus on jobs and employment and more on social issues. Access to health and medical care was another major issue, with difficulties in securing appointments with doctors and specialists, the need to travel for healthcare, and limited aged care and residential care options. Housing affordability is worsening due to rising interest rates, and there is a shortage of rental properties. Concerns about the Council were paramount, particularly regarding financial sustainability, issues with rates, difficulties in securing funding, poor

community engagement and communications, and a perceived lack of vision. There is also ongoing concern about the impacts of amalgamation, with an urgent desire to de-amalgamate. Additionally, the condition and quality of the road network are seen as poor, internet and telecommunications services are seen as inadequate, and there is concern about the loss of library services.

Key priorities

People who took part in the engagement indicated they prioritise:

- Improved health services, prioritising better access to doctors and mental health services.
- Economic growth, focused on expanding business and tourism activities, promoting agriculture, and attracting new residents to the area.
- Enhanced sports and recreation, focused on developing cycling trails, including a regional rail trail and mountain biking destinations, as well as upgrading parks and pool facilities.
- Infrastructure upgrades, including expanded car parking, lighting, public toilets, stormwater upgrades, consistent internet services, and securing water supply.
- Improved council governance and leadership, including a strong desire for a council demerger, enhanced community engagement, and financial sustainability.

Council's role

Council is committed to understanding the community's priorities, concerns and needs in terms of key services, facilities and programs.

Whilst Snowy Valleys Council is the custodian of the Community Strategic Plan, all levels of government, businesses, industry groups, community groups and individuals will share the responsibility for achieving our long-term community goals.

The plan describes Council's role in the delivery of each priority using the following terms:

Provide

Services, facilities, infrastructure, programs, planning, and engagement.

Collaborate

Partner with the community, business and industry, other councils, and other tiers of government.

Advocate

Amplify the voice of our community to get the best possible outcomes.

Snowy Valleys Council

Community Strategic Plan 2042

Plan

The Snowy Valleys CSP consists of five themes and strategic objectives:

1. Our community

Our communities are connected and inclusive, supported by services that nurture health, wellbeing and identity.

2. Our economy

Our diverse economy supports community longevity, vibrancy and a sustainable future.

3. Our environment

Our natural environment is cared for and protected to ensure future generations can experience and enjoy its beauty.

4. Our infrastructure

Our local infrastructure is sustainable and facilitates our way of life.

5. Our civic leadership

Our civic leadership and organisational governance fosters open and transparent partnership with our community.

Each theme outlines the strategic objectives, strategies for achieving them, important partners and collaborators, and the specific role of the Council. A separate section explains the review and reporting process, and measures to track progress. The strategies in this Plan have been developed with careful consideration of the quadruple bottom line (QBL) and are grounded in Social Justice Principles.

1. Our community

Our communities are connected and inclusive, supported by services that nurture health, wellbeing and identity.

Our community protects and celebrates its history while looking forward to a secure and prosperous future. Services in the Snowy Valleys are accessible and diverse, supporting all stages of life. Our progress

Working together

This Community Strategic Plan outlines our collective vision for the future. We must work together to guide and implement strategies that move us towards these goals.

Council is proud to act as the custodian of the Community Strategic Plan, ensuring that the aspirations and priorities of our community are meaningfully documented and elevated among our partners.

Council's commitment in responding to this plan is reflected in the Delivery Program, which translates strategic objectives into actionable plans over a four-year term, aligning with the Council election cycle.

Review

To ensure accountability and transparency, the plan is reviewed every four years in line with the Council term. This regular review allows the plan to adapt to changing circumstances and emerging community needs.

Reporting

Reporting on our progress is a key component of this process.

Council will prepare the State of the Shire Report in the year in which an ordinary election of councillors is held. This Report outlines the implementation and effectiveness of the Community Strategic Plan in achieving its objectives and will be presented and endorsed to the second meeting of a newly elected Council.

Measures

The following tables outline the measures for determining whether the objectives of this plan are being achieved. They are not measures of Council's performance, but a gauge for stakeholders to determine whether the community is moving closer to, or further away from, the vision.
